1st May 2020

Dear Parent/Carer,

I hope that you are all safe and well. During this this difficult time, my intention is to continue to write home every Friday with an update. This week, students have continued to adapt to new ways of working and have been completing the work set by staff. There has been lots of fantastic work produced and opportunities grasped.

The work for students to complete next week; week commencing Monday 4th May has been uploaded to our website: <https://www.stmca.org.uk/key-information/closure-guidance>. This page has been updated in order to help students and parents find the relevant information more easily. Please go online and explore.

In addition, a new page has been created which contains links to all of the apps and programs that we use and ask students to access in order to support learning. This page also includes video tutorials to help students access their emails and work. It is linked to from the Key Information, Closure Guidance page, it is; <https://www.stmca.org.uk/student/>

As time goes on it is important that students keep a routine and continue to try to engage with their learning. If they or you have any concerns please contact their teacher or form tutor by email (contacts are on the website) or leave a message at the office. We expect students to be checking their school email account daily for messages from school staff including their class teachers.

Students in year 11 and 13 have a separate page on the website with their key information. All Year 11 students are encouraged to continue to make progress with the core skills of Maths and English. Two booklets are online to help prepare students for post 16 study. In addition, to support the majority of year 11 back to St Thomas More into Year 12, a transition guide and course booklets providing subject specific work have been provided. These booklets will provide an excellent transition into year 12 and help make that jump from GCSE. They really are a fantastic resource. This can all be found at: <https://www.stmca.org.uk/key-information/key-information-for-year-11-and-13/>

As per Government instruction, school has continued to remain closed this week for most pupils. Provision continues for a handful of children of key worker and vulnerable children. This will continue for these children including the bank holiday next week, please contact the office if your child is eligible and needs this provision.

Headteacher: Mr M Rayner BA(Hons) NPQH

In order to further support some of students and their families, we have delivered a small number of food parcels on Monday and will repeat this every Monday during the school closure. If this is something that would help your family please contact school.

Please take care and stay safe.

Yours sincerely

Mr M Rayner
