December 2023

Dear Parent / Carer

I am writing to provide you regarding information about additional funding for your child. Our records indicate that we receive additional funding for your child through Pupil Premium funds from the government. This may be for a range of reasons including the following:

- pupils who are recorded as eligible for free school meals, or have been recorded as eligible in the past 6 years, including eligible children of families who have no recourse to public funds (NRPF)
- children looked after by local authorities, referred to as looked-after children
- children previously looked after by a local authority or other state care, referred to as previously looked-after children

This additional funding available for your child is to benefit your child. The government has increased funding for Pupil Premium to £1035 per pupil. This is additional funding that is used in school to support your child's education.

The funding will be used to support curriculum areas including activities and interventions to accelerate your child's progress in their studies. This includes Maths and English Interventions by dedicated staff which will support students at different times of the year. At STMCA, every student in Year 7 who is eligible for the Pupil Premium will receive a scientific calculator to support them with their academic studies.

A range of intervention programmes will take place throughout the year with identified students to further support progress. We will provide opportunities to ensure that your child can access reading materials and computer technology in order to complete classwork, independent study and homework, providing an effective study environment for pupils supported by dedicated staff. In addition, support can be used to assist in the funding of educational visits and retreat opportunities. Your child's progress will be monitored regularly in school and you will receive updates on their progress twice a year. In addition, some students will be involved in a range of mentoring programmes to provide individual support and their progress in school.

We want to make sure that we are providing your child with the best education and support that we can. All students including those eligible for the Pupil Premium have access to a free breakfast bagel in school each school day, which can be collected from the school Dining Hall between 8.30am-9am. If your child is currently in receipt of Free School Meals, there have been some changes made to eligibility under Universal Credit. If you don't currently claim for Free School Meals but think that you may be eligible, please use this link on our school website to apply [Free School Meals - St Thomas More Catholic Academy \(stmca.org.uk\)](http://stmca.org.uk).

We work closely with the charity 'Fareshare' and our local branch of Tesco, who provide food each week for us to give to families in need. There is more information about the Fareshare scheme online at www.fareshare.org.uk. We receive a small amount of food from Tesco each Monday which we can divide up and disseminate to families in need. The food items that we receive changes weekly depending on Tesco's stock, but usually consists of perishable items. If you would like to be placed on the rota to receive a food parcel from Tesco, please email office@stmca.org.uk with your name, your child's name and the subject 'Fareshare' or contact reception on the school phone number. You will be contacted if you have been selected for a food parcel on a Monday and will be required to collect the food parcel from school on a Monday/ Tuesday of that week. In addition, we work with local charity the HUBB Foundation to provide a range of opportunities; you will be contacted with more information about these later in the year.

We are also working with the Digital Poverty Alliance to provide families in need of technology to support their child's learning with a free computer, under the 'Tech4Families' scheme. If your child does not have access to a suitable device at home, please apply through <https://digitalpovertyalliance.org/tech4families/> or using this link [Working with Currys to provide vital Tech4Families \(digitalpovertyalliance.org\)](https://digitalpovertyalliance.org/tech4families/) and provide the name of your child's Form Tutor as the in-school contact. We will review and verify your application; many of our families have been successful this year so far in gaining a free device.

Pupil Premium students have access to homework / study facilities every Tuesday and Thursday in room 344/345 after school. Computer access will be available at this club, as well as support from a dedicated member of staff. If your child would like to attend, they do not have to book a place but can attend as regularly as they wish.

Should you have any other questions please do not hesitate to contact your child's Head of Key Stage or your child's Progress Leader to discuss their provision further, including study facilities, funding for educational visits or other areas where your child can be supported to fulfil their educational potential.

Thank you for your continued support.

Yours sincerely

Mr M Rayner
