

Year 11 CHEMISTRY Revision Schedule Sept-Nov mock exams

In this revision schedule there are links to two different sets of videos. You do not need to watch both set 1 and set 2 but you will quickly decide which set you prefer so you can stick with this set. The content in the videos is the same it is purely about finding the way that the information is presented that you prefer.

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
<p>There's no any right way to revise, but organisation is key. Experiment and use a style which suits you and which works. Get yourself ready to prepare! Invest in stationary – coloured pens, highlighters, revision cards (you can make these from cutting up scrap paper if you need to), notebook, post its, whiteboard and pens, revision guide. Whatever suits you! Ask your teachers for advice if this is tricky for you. Your first challenge is to prepare for mocks...follow the schedule below to help you. After each day, highlight is a way of your choosing (colours, ticks/crosses, smiley face unhappy face) your strengths and weaknesses- this will prove to be really helpful to you closer to the mocks.</p>
